

OUR PROGRAMS

BE A BLESSING

The leaders of this department and our pastor, Chinyere Okorie are working so hard in making this department what it should practically be. Every second Saturday of the month, the HVW visits the homeless, juvenile rehabilitation centers, nursing homes, shelter homes, prisons, elderly centers, etc. HVW members make sure they put smile upon faces. We are proudly there for everybody. So many less-privileged people have been helped and taken care of by this great department.

We are obeying the word of God. We give out food, cloths, money, etc. to a lot of people. We believe in the

word of God that says, “We shall be a blessing”. We try to live Practical Christian life. We don’t just go to these places to give them physical help; we also give them spiritual helps.
